SUMMARY

Full-Stack Developer (Angular / React / Next.js / Node.js / Spring Boot) with **2+ years** of experience shipping production apps, including **esimapp.io**, my own travel eSIM store (200+ destinations, built and run solo), **PRNow.io**, an AI-powered SaaS platform connecting businesses to **400+ publishers across 190 countries**, and **Logidoo**, a 3D logistics optimization module. Currently pursuing a Master's in Software Engineering at UNCHK, certified **FullStack Engineer — EDACY 2025**. I work end-to-end from architecture to deployment, with a strong focus on code quality and user experience.
